PORT ARTHUR REVERSES

FOUR THOUSAND JAPANESE ARE SAID TO HAVE BEEN ANNIHILATED IN SORTIES MADE BY RUSSIANS.

Small outpost fighting constitutes the news of the war. Nothing has been heard from the vicinity of Mukden.

The Japanese blockade of Port Arthur is so effective that General Stoessel has been unable to inform the war office at St. Petersburg of the situation there.

The report of the arrival of the Russian armored cruiser Bayan at the Port Arthur squadron at Biaochan bay near Shanghai has no official confirmation.

Shanghai, Oct. 4—An investigation shows that there are no Russian men of war at the port of Chefoo, as Reuter has reported in these waters. The report that the Russian armored cruiser Bayan had anchored off Chefoo is a hoax.

London, Oct. 4—The Daily Telegraph's Nagasaki correspondent publishes under date of September 30:

Terrific artillery continues unabated to the horrors of the situation at Port Arthur. On September 27 and 28 the Russians made sorties against positions held by the Kiao Gantu regiment and desperate fighting ensued. The defensive force was practically annihilated, only one commissioned officer and 11 men remaining alive out of 4,000 who went into the fight.

St. Petersburg, Oct. 4—(2 a. m.)—The war commission, adjourned tonight without having further news from the front. An Associated Press dispatch from Mukden that there is no change to report, states merely that all is quiet there. The little news from Port Arthur comes from abroad but that is satisfactory inasmuch as it records a further repulse of the Japanese attacks.

AMBASSADOR TO RUSSIA GIVEN LEAVE OF ABSENCE

St. Petersburg, Oct. 3—Ambassador McCormick has been granted leave of absence to go to the United States on urgent private business. Mr. McCormick will probably be away from the post for six weeks. During his absence Secretary Spencer Eddy will act as chargé d'affaires.

BIG FLOOD AT CARLSBAD, N. M.

RISE IN PECOS WASHES AWAY ZWILLAN DAM, REPORTS ELECTRIC LIGHT PLANT AND COTTON GIN.

Fort Worth, Tex., Oct. 3—A special to the Record from Pecos says:

A message was received at this place from Carlsbad, N. M., saying a heavy rain fell there and all the tributaries of the Pecos river rose. The water came down Delaware, Black, Dark Canyon and Rocky creeks and washed away the dam in the Pecos river. All bridges between Carlsbad and Roswell are washed out and the city is in a state of panic. The telephone wires are down and no further details can be learned.

TOWNE, SULZER, COUGHLAN AMONG THE NOMINEES

Towne; fifteenth, M. Francis Coughlan; sixteenth, Jacob Ruppert; eighteenth, Joseph A. Goulet.

Mallory, county clerk; J. F. Dunn, sheriff; J. A. Lonsing, county assessor; Fred Lawrence, county treasurer; R. C. Hawkins, county commissioner of schools; Jere Vivian, county surveyor; A. J. TIGERS TAKE A BRACE AND INDULGE IN HARD PRACTICE

Twenty-five men reported for practice and the second team was put through some formation work. One of the causes of Saturday's loss was the fact that the men have not been reporting regularly for practice, and it has been hard to get good team work. The boys evidently took a tumble to themselves that if the college wise to eat and fight in the race this fall that it was up to them to get out and practice.

The Tigers lined up against the strong High school team for 8 minutes before the end came. The High school played aggressive the entire game. Coach Jonson expects to give his men more work on defense. The college team took it with a good deal of spirit and repeatedly pushed the High school back for losses, though the scholastics did make some good and steady gains on them.

The work of the college showed an improvement over that of Saturday and if it is kept up will bring out a good team under Coaches Juneau and Frost and Captain Lemon.

Principal Richards will take the Tigers a part of his time two nights in a week hereafter, without neglecting his own bunch of gridiron warriors and his efforts in this line will result in a great deal of good to the college men.

JONSON TO COACH TEAM

Ex-Captain of the College Tigers in New Role.

MATERIAL AT CUTLER

ACADEMY BOYS DEVELOP GREAT ENTHUSIASM AND PRACTICE IS NOW ON IN DEAD EARNEST.

Marshall Jonson, the famous ex-captain of the college Tigers will coach the Cutler academy team this season. He took charge of the squad last night and gave them their first taste of real work. Although it rained hard Jonson managed to get out the boys and put them through a good practice.

Mr. Jonson said last night after the first practice that he had some good material to work with, that the boys had the proper spirit and that he expected to have a team that would make a creditable showing in the games of the season.

A meeting of the entire student body of the academy was held after chapel yesterday noon and enthusiasm in the team was manifest. As a result of this wave of enthusiasm 13 men pledged themselves to be out for practice. Very [illegible] material in this team. Special mention is made by Principal M. C. Gile of Fullerton, Phillip Fitch, Captain George Lightfoot, Manager Silvey Bernard and [illegible] of last year's college track team.

The academy will have a short practice with the High school tonight and will play up for frequent performances with its rival throughout the season. If [illegible] can be secured, it will have a second team.

Sixteen men were out in suits last night. Among the new men were Moran, Hoyt, Haight, Lincoln, Boyce, McAlpine and Walters. Silvey Bernard will be out again tonight to try for a shift back.

Marshall Jonson, the new coach, has a great reputation as a football player. He played for three years on the Colorado college team, [illegible] of the season of 1897. His career as college quarter back for two years at right half back for two of the years 1898 and 1899, he captained the Tigers. During his college years he was one of the speediest and best backs in his league.

MARSHALL JONSON.

HIGH SCHOOL IS LINING UP

TWENTY-FIVE MEN OUT FOR PRACTICE AND SOME AGGRESSIVE WORK IS NOW BEING DONE.

Twenty-five boys were out for the High school squad last night. The second team lined up against the regulars for a short scrimmage and made a creditable showing. With the regular organization of the school team a number of new fellows are reporting regularly for practice and it is expected that a second team can be maintained throughout the season. Among the new men to appear for practice last night were Frank Hoyt, Jack Stewart and Thomas.

The High school lined up for some hard aggressive work against the college team and received some beneficial practice. According to the present schedule the Tigers will open the season by a championship game with Central High school of Pueblo Saturday, and Principal Richards is anxious for the team to get into good shape to win an opening game.

FRESHMEN WILL ORGANIZE TEAM

At a meeting of the freshman class of the college yesterday afternoon it was decided to have a football team this year, as is the custom. The boys of the class will shortly hold a meeting, decide when to commence practicing and elect a captain from the candidates of the class team. There are 40 boys in the class, a number of whom are practicing for the varsity eleven. From these the class expects a good team to be drawn.

The great game of the season will probably be the annual sophomore-freshman game. Games as yet no challenge has been received from the upper classmen.

DIVORCE PROCEEDINGS

Begun Against Charles Wesley Lee Barber, a Well-Known Mining Engineer.

Special to the Gazette.

Cripple Creek, Oct. 3.—Divorce proceedings have been filed in the district court by Bertha M. Barber against Charles Wesley Lee Barber. The suit [illegible] E. E. Lee is said to be home in Colorado Springs. [illegible] according to the terms of which Mr. Barber is not permitted to leave the state of Colorado until the case is finally determined. The answer was kept quiet and the papers were placed in the hands of the sheriff. He serched service on Barber and the latter furnished a $2,000 cash bond for his appearance.

Mr. Barber is a well-known mining engineer and surveyor. According to the statement of his wife they were married in the Spring in Feb. 1900, since which time two children have been born. The wife charges as cause of action that her husband has been guilty of extreme cruelty, which has kept her in a nervous state of fear.

It is alleged by the wife that her husband is in possession of stocks and property to the amount of $50,000 and estimate of earning $20 per month, and she professes to fear that he will leave for England if he is not restrained by the court. So she applied for the writ of the court. Very little is known of the couple in this city as they spend most of their time in Colorado Springs and elsewhere.

A LETTER FROM THE PAST.

A LETTER of the Hon. Henry Clay Davis, the vice presidential candidate [illegible] made diagnosis in the present campaign.

Mr. Davis made a speech [illegible] expressed his views in his speech which were at variance with the doctrines [illegible] freely answered in the Republican press and upon Republican platforms.

He said times had been [illegible] the days of Buchanan, which have long since been proved beyond the note of discussion by the members of other parties except a few. He said he appealed to that the country was [illegible] in population, but admitted that thousands of acres of farms have more than doubled in prosperity and that wages have steadily risen and that as a last consequent upon this greater money as well as people find it never any as cheap as [illegible] to spend more money for [illegible]

In the days when the Hon. Henry G. Davis was in active life a workingman far from accepting the comforts and luxuries of life was glad to be able to obtain the necessities of living. No man Democrat or otherwise will question the aged roamance in declaring a return to the days of low wages and commodities reduced practically to parity.

Hence, when he declares that the times are propitious for a change the vast majority of the people of the country will beg to be relieved of a change back to the days of the Hon. Grover Cleveland, or of James Buchanan.

IMMORALITY IN THE UNIVERSITIES.

PRESIDENT ANGELL'S annual address to new students at the University of Michigan contains one very reasonable forecast. He is quoted in press dispatches as saying:

"Coming 3,000 students with 3,000 young men out of colleges, and you will find that the conditions are fully up to the moral standard of their non-college brethren."

Fully up to the standard of their non-college brethren? Is there any shadow of a reason why this should be a matter of surprise? Is there any reason why 3,000 men who, by sacrifice, or self-sacrifice on the part of relatives, or by hard and long-drawn-out their own efforts have been given superior advantages should not in the aggregate be higher in the standard of morality than 3,000 men who have had less opportunity for culture?

Does the old saw "noblesse oblige" apply only to the manor-born and not to the nobility which should come from environment and education?

If the acts of hoodlums, vandals and rioters be no more criminal because they are the deeds of those who have not enjoyed the higher education and forever condemned by those who are obtaining such advantages, a life [illegible]

If the [illegible] students of the University of Michigan are only "up to the standard" of their non-college brethren, [illegible] higher education is a failure, for in the making of citizens of a republic it is character that counts and not intellectual attainment.

Political Comment

A NATIONAL AFFAIR

[illegible]

WELL DESERVED PRAISE.

Senator Fairbanks is a strong enough politician to stand by and for the principles of his party and to defend policies based on those principles but he is not a partisan [illegible] he is recognized in the senate and all the country as safe, sound and cool businesslike. In his campaign speeches he displays these qualities to even better advantage than in the senate. He has a clear perception of the weak points in the Democratic position and he knows how to attack them most successfully.—(Washington Post.

BRYAN—THE ALL-IMPORTANT

In the Hoosier state Mr. Bryan has a large personal following and is worth a regiment of spellbinders like Bourke Cockran, Henry Watterson and Martin Littleton. He received 36,853 votes in Indiana in 1896 and 29,184 in 1900. The difference represents the Gold Democrats who voted for him. So the Indiana Democracy is pretty well Bryanized. William J. is still the peerless leader and it is the opinion of a country for the reorganizers. Positively they must have Indiana to win and they cannot get it as long as Mr. Bryan rallies the hosts of his followers in a whirlwind campaign.—(N. Y. Evening Sun.

ONLY ONE PLATFORM LEFT

[illegible] Democrats are standing together. The judge stands on the ground that protection is robbery. The patriot stands for protection against robbery. Here is an editor who [illegible] Republican policy in the Philippines. Yonder is an editor who [illegible] as at the thought of the Republican policy in the Philippines that he cannot see Bryan the greatest individual force in the party stands unprovoked and unchanged for the period of 1896 and 1900. The Gold Democrats distrust the Bryan ideas and are thoroughly alienated by them. And so on.

What common platform. If we unite these two or three or half a dozen parts of which compose the Democracy? Just about this:

We want to get in
Our feet are cold.
—New York Sun.

A POOR ECONOMY

But has Judge Parker really done any better than the straddlers and paradox makers who wrote the St. Louis platform? He thunders in his letter that "reform must be had in the civil, military and naval establishments. But when, how and where? Should the army be cut down to its 30,000 limit as inferred before the Spanish war? Is all the painful struggle of the last two years to put our military establishment on a rational and effective footing been a waste and a folly? Is the growth of the navy to be checked? Is its personnel to be reduced? And in the civil administration what specific reform is to be undertaken? The one specific pledge of Judge Parker's letter looks to an enlargement rather than to a retrenchment in the pension list and to an increase, not a reduction in pension expenditures. In what other and different direction is 'economy' to be enforced? Or are Judge Parker's ideas of retrenchment as vague, as elusive and as purely rhetorical as the ideas of the honorable reformers who wrote the "general economy" passages of the St. Louis platform.—N. Y. Tribune.

KAISER'S STYLE UNLIKE VICTORIA'S

HIS MANNER OF ANNOUNCING AN ENGAGEMENT DIFFERENT FROM THAT OF HIS GRANDMOTHER.

Berlin, Oct. 1.—The grandson of Queen Victoria of England, in announcing the engagement of his son, contrasts amusingly with the naive and simple record of the betrothal of the emperor's father and mother given by Queen Victoria in her "Leaves from the Journal of Our Life in the Highlands." She says: "Sept. 29, 1858.—Our dear Vicky was this day engaged to Prince Frederick William of Prussia. He had already spoken to us on the 20th of his wishes but we were uncertain on account of her extreme youth—she was only 17—and he spoke to her himself or that if he came back again. However we felt it was better he should do so and during our drive up Craigan Ban this afternoon he produced a piece of white heather the emblem of good luck, which he gave to her and then with deep feeling asked us to bless them and wished as they rode down Glen Gelach, which led to this happy conclusion."

The betrothal, when the news of it took effect, was very sympathetic in England and in Germany the leading article in the Times was a fine piece of appreciation of it and [illegible] reading "After a [illegible] the king of [illegible] proper Whitsun [illegible] proceeds to ask "Who is there that does not see that the dawn of these [illegible] dynasties are [illegible] to speak of the [illegible] that just for a little while [illegible] central [illegible] of [illegible] Europe and ends with the [illegible] The prince of [illegible] prince of [illegible]

HIGH CLASS DRUGGISTS AND OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best, purest and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or officinal names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, and gestion, or overeating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—"Syrup of Figs"—or "Fig Syrup" and on some parallel concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected, because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup" which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and deception in one case he will do so with other medicinal agents and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will tell you that you fish and [illegible] everything in his line at reasonable prices.

FRIENDS OF HOWARD HEATH REJOICING IN HIS SUCCESS

HOWARD HEATH.

Friends of Howard Heath are congratulating him on the success which is attending his efforts in Chicago.

Although still a very young man he ranks high in the esteem city as an illustrator and newspaper and magazine artist. He has been in Chicago barely more than two years, yet in this time he has attained a position that is the ambition of many older artists, but young talent is out of the high order that Mr. Heath possesses.

Only a few years ago Howard Heath was a student in the Colorado Springs High school. He early developed a remarkable talent for drawing, and before his friends knew it he was doing newspaper work in the city and Denver. After several months spent in the East on newspaper offices, where he did excellent work, Mr. Heath went to Chicago.

He immediately became connected with the staff of one of the big papers of that city and soon that place was strides forward from boy to man rapidly. He is now what is known as a "illustrator," and his magazine and book illustrations have been attracting considerable attention.

Mr. Heath has been in Colorado Springs for several days visiting his parents, Mr. and Mrs. C. S. Heath, of 1305 North Weber street. His father is the well-known dry goods merchant of this city. After a vacation of 10 days in Colorado Springs Mr. Heath will return to Chicago.

MINISTERS UNITE TO BRING NOTED EVANGELIST TO CITY

At the meeting of the Ministerial association yesterday it was decided to bring Dr. E. Wilbur Chapman, the well known evangelist, to the city for a union service. Rev. Edward Bragg, Rev. C. E. Wilson and Rev. A. W. Wright were appointed a committee to complete arrangements for Dr. Chapman's visit.

The meeting yesterday was the first since the summer vacation, and there were 21 clergymen present. Rev. J. C. Gardner, of Denver, read the Bible at the morning, his subject being "The House to House Visitation." It was decided to conduct a house to house visitation in Colorado Springs, Colorado City and Manitou.

Three new members were added to the association, yesterday, Rev. Mr. Seltzer of the Methodist church at Colorado City, Rev. Mr. Moore of the Christian church at Colorado City, and Rev. Mr. Kelson, the Roswell church. The Rev. Mr. Wright of Minneapolis was a visitor.

Rev. J. A. Hayward of the Mount Olive Baptist church, was elected chaplain for the month of October, and Rev. I. J. Fuller, of the Emmanuel Presbyterian church, secretary for the year. Rev. J. W. Rowlands declined nomination as secretary, because he expects to be absent from the city.

Colorado Springs, Colorado City and Manitou will be well represented at the thirty-first annual convention of the Colorado Congregational association, to be held in Denver beginning today and continuing tomorrow and Thursday.

President W. F. Slocum, of Colorado college, Rev. F. W. Hallinger, Rev. H. W. Lathe and Mrs. Lathe will be among those who will deliver addresses and take part in the discussions.

This evening Rev. Jas. E. Irving addressed the institute which is being held preliminary to the convention. Dr. Gregg's subject was "The American Board." Rev. S. H. Cheadle was also among the speakers at the institute in Denver yesterday.

FAIRLEY IS JUBILANT OVER THE OUTLOOK.

State Chairman D. M. Fairley came from Denver Saturday night and spent Sunday in Colorado Springs. While here he met with the members of the local executive committee, discussed matters of importance with them in regards to the campaign. "Flattering reports are coming in from all over the state," he said, "and the great interest that is being taken by Republicans, and especially by non-partisans, in the election of the Republican state and national tickets is encouraging."

CROPS OF GRAND VALLEY ARE BIGGER AND BETTER THAN EVER

Fruit growers all over the state are highly jubilant over the showing which Colorado will make this year.

Particularly is this true of growers in the Grand valley and especially in the vicinity of Grand Junction and Palisade, where the crop this season is better than ever before.

Apples as large as grape fruits; peaches the size of oranges and grapes that are as large and delicious as the London hot-house variety which sell anywhere from $1 a pound up, are now ripening in Grand Junction, exhibited in the windows of the Colorado Midland railway, 2 East Pikes Peak avenue, and while the samples which were sent to Mr. R. T. Durstley, general passenger agent of the Midland, are by no means the finest specimens, they give an excellent idea of this season's fruit crop in the Grand valley.

It is expected that the fete which opens today at Grand Junction and continues until Friday night, at which the finest varieties of fruits and vegetables will be displayed, will attract large crowds. The Midland road will run special excursions to this point during the days that the fair is in progress.

NEIGHBORS WERE TERROR-STRICKEN

FOURTEEN-YEAR-OLD GIRL IS PITCHED OVER HACK HORSE'S HEAD AND NARROWLY ESCAPES SERIOUS INJURY.

By her daring and reckless act, Sunday afternoon, little Miss Blanche McCabe, aged 14, narrowly escaped death in the sight of terror-stricken neighbors, she was thrown, heading from a horse dashing at breakneck speed across a vacant lot in the neighborhood of her home, to death or serious injury.

The girl asked a friend who had just come up from Ivywild to allow her to ride his horse, which was standing nearby. Thinking she was master of the animal, which is an old race horse, broken in only this spring, the young man gave her permission. She mounted the horse and started to ride off.

The animal immediately began to run, heading across a vacant lot. As soon as she realized the situation she became excited and let loose of the reins, which became entangled in the horse's feet, throwing him to the ground. The girl pitched forward several yards, and miraculously escaped a sudden death, only by falling on her feet. As it was, she sustained a severe shock.

Miss McCabe is the daughter of Mrs. Elizabeth McCabe, [illegible] Colorado academy.
